P.O BOX 9556
CORAL SPRINGS, FL 33065
877-813-6427

PRECAUCION: AL USARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta la haya sido explicada ampliamente. It is no longer necessary to let your asphalt or concrete paved areas become a hazard and a serious maintenance problem. You can keep your shipping and loading areas, parking lots, drives and walks in safe repair all year around.

**READY TO USE - HIGH PERFORMANCE - USE IN ANY
WEATHER
ONE MAN OPERATION
REPAIRS INSTANTLY - WITHSTANDS HEAVY LOADS
OPEN TO TRAFFIC IMMEDIATELY
STORE INDEFINITELY
HARDENS WITH TAMPING**

Instant and permanent repairs to asphalt and concrete surfaces can be done by unskilled labor in any kind of weather, hot or freezing, wet or dry. An all weather, patching compound can be applied directly from the container as is. Simply tamp into place with either the back of a shovel or a hand tamper, the repair is complete and immediately ready for a heavy traffic. You can do your finish coat the next day or week.

CAUTION: Do not breath fumes. Harmful of swallowed. Do not get on skin. Keep out of reach of children. Wear gloves when using. Contains petroleum asphalt, petroleum naphtha CAS# not available.
